  from Zero to Hero

- Learn ReactJS from
  scratch

Basem Yahia Abdel Latif

Has successfully completed

Frontend Professional Diploma

This diploma covers skills needed to master front-end development, including HTML, CSS, and JavaScript, as well as front-end development using ReactJS, version control systems, testing and debugging, accessibility, and performance optimization. Upon completion of the diploma, students will be able to build, test, and deploy modern web applications using ReactJS and work on a team of front-end developers.
